

## **T2002 GPRS**

Sep 16 2003

### **PRESS RELEASE**

**Date: 16<sup>th</sup> September 2003**

**For immediate release**

**Location: Blandford Forum, London, UK**

#### **T2002 GPRS the new world class addition to our hardware range**

trakm8 Limited are proud to announce the arrival of its new world leading hardware platform the T2002 GPRS.

The T2002 GPRS is the latest and probably the most advanced telematics and telemetry platform available today. Building on the success of the unique TrakM8 Advance and TrakM8 Standard platforms, it has a number of complementary, purpose built accessories that add to the extensive range of features, including:-

- Battery Backup
- GPRS enabled
- Advanced low power management
- RFID Keyless technology
- Panic Button
- Immobiliser
- Additional outputs to enable custom solutions for handheld terminals, remote heating control, pda?s etc

**ENDS**

**Note to editors**
